Comprehensive Plan

Comprehensive Plan Component: North Central Community Plan

Plan Adoption Date: February 14, 2002

Plan Goals:

Goal 1: Support and promote business and employment development along the commercial corridors that provide for a healthy business climate while supporting the needs of the North Central Neighborhoods Community by aesthetically and environmentally reinforcing their community cultural identity and providing an attractive destination for visitors and shoppers from around the city.

Goal 2: Encourage the establishment of neighborhood-friendly businesses along the commercial corridors that promote pedestrian accessibility. Goal 3: Maintain and preserve the quality of the existing residential and commercial properties through the encouragement of rehabilitation and code compliance.

Comprehensive Land Use Categories

Land Use Category: “Low Density Residential”

Description of Land Use Category: Low Density Residential supports the principles of concentrating urban growth, reinforcing existing neighborhoods, and supporting residential growth within walking distance of neighborhood commercial centers and schools. This development should be oriented toward the center of the neighborhoods and away from traffic arterials. Low Density Residential areas are composed mainly of single family dwellings on individual lots. This classification describes established residential neighborhoods of low to medium density, and supports compatible in-fill development. Duplexes and accessory dwellings (carriage houses, granny flats, etc.) are allowed on lots of 8,000 square feet or greater. All off-street parking and vehicle use areas adjacent to residential uses require buffer landscaping, and lighting and signage controls. Certain non-residential activities, such as schools, places of worship and parks, are appropriate within these areas and should be centrally located to provide easy accessibility.

Permitted Zoning Districts: R-4, R-5, R-6, R-20, NP-8, NP-10, NP-15

Land Use Category: “Neighborhood Commercial”

Description of Land Use Category: Neighborhood Commercial provides small areas for offices, professional services, service and shopfront retail uses that can be served by pedestrian access. Neighborhood Commercial

should have a service area radius of approximately a half-mile, and should serve a population of approximately 2,000 to 5,000 people. It permits a limited group of commercial uses that serve the neighborhood while protecting the abutting residential areas. Neighborhood Commercial should be located at the intersection of a collector and arterial street or where an existing commercial area has been established. Service yards located in the rear or side yard of the business use are screened from adjacent residential areas, and refuse enclosures are located at the rear of the site and screened. Buffer yards provide a landscaped separation between residential and commercial uses. Additionally all off-street parking and vehicle use areas adjacent to residential uses require buffer landscaping, and lighting and signage controls. No drive-through establishments are permissible. Live/work units, allowing for residential use above commercial space, are permitted. Examples of Neighborhood Commercial services are small gasoline service stations and convenience/food stores, restaurants, neighborhood shopping centers, medical clinics, day care centers, bed and breakfasts, rooming houses, social assistance services, and office or bank buildings (stand alone).

Permitted Zoning Districts: NC, C-1

RECOMMENDATION:

Staff Analysis and Recommendation: Staff recommends Approval.

The proposed land use amendment is consistent with the well-established, existing land uses at these properties and the surrounding area. The corner lots on every block of San Pedro to the north and south of the subject properties are used commercially. This plan amendment request fulfills the North Central Community Plan’s goals of “support[ing] and promot[ing] business and employment development along the commercial corridors that provide for a healthy business climate” and “encouraging the establishment of neighborhood-friendly businesses along the commercial corridors.”

ALTERNATIVES:

1. Recommend Denial of the proposed amendment to the North Central Community Plan, as presented above.
2. Make an alternate recommendation.
3. Continue to a future date.
