Proposed Changes: None known

Thoroughfare: Donaldson Avenue

Existing Character: Local Street

Proposed Changes: None Known

Public Transit: VIA bus routes are within walking distance.

Routes served: 95, 96, 97, 100

ISSUE:

Comprehensive Plan

Comprehensive Plan Component: Near Northwest Community Plan

Plan Adoption Date: February 14, 2002

Plan Goals: Goal 2 - Economic Development Ensure the Near Northwest Community's business corridors are filled with a mix of uses including professional offices, residences and busy shops, providing neighbors an attractive place to walk for shopping, playing, working and relaxing both day and night.

Comprehensive Land Use Categories

Land Use Category: "Neighborhood Commercial"

Description of Land Use Category: Neighborhood Commercial provides for offices, professional services, and shopfront retail uses that are pedestrian oriented. Neighborhood Commercial uses should be located at the intersection of a collector and local street or where an existing commercial area has been established. Structures should have a maximum size of 5,000 square feet or the square footage of an existing building. A majority of the ground floor façade should be composed of windows. Parking areas should be located behind the building, with the exception of one row of angled or head-in parking along the street. Additionally, all off-street parking and vehicle use areas adjacent to residential uses should have buffer landscaping, lighting and signage controls. Service entrances and/or yards located in the rear or side yard of the business use should be screened from adjacent residential areas and refuse enclosures should be located at the rear of the site and screened. Buffer yards should provide a landscaped separation between residential and commercial uses. Examples of Neighborhood Commercial uses include gift shops, delis, offices, restaurants, beauty parlors, small neighborhood groceries or markets, coffee shops, shoe repair shops and medical clinics. No drive-through establishments are permissible. Live/work units, allowing for residential use above commercial space, as well as a limited number of apartments are permitted.

Permitted Zoning Districts: "NC", "C-1", "O-1"

Land Use Category: "Community Commercial"

Description of Land Use Category: Community Commercial development includes medium and high density land uses that draws its customer base from a larger community. This classification can include a mix of uses in the same building or in the same development. Community Commercial uses are typically located on arterials at major intersections (nodes) or in established commercial areas along arterials. Examples of Community Commercial uses include all Neighborhood Commercial uses, convenience stores with gas stations, grocery

stores, plant nurseries, paint/carpet stores, offices, apartments and community shopping centers. Drive through establishments are permissible. Community commercial uses should incorporate well-defined and accessible entrances, shared internal circulation, limited curb cuts to arterial streets, ample sidewalks and shade trees in parking lots, landscaping on planter strips between the parking lot and street and well-designed, monument signage. Community Commercial centers should be designed to create safe, attractive and convenient vehicular and pedestrian linkages with adjoining land uses.

Permitted Zoning Districts: “NC”, “C-1”, “C-2P”, “C-2”, “O-1”

Land Use Overview

Subject Property

Future Land Use Classification: “Neighbor Commercial”

Direction: West

Future Land Use Classification: “Neighbor Commercial”

Current Land Use: Dance Studio

FISCAL IMPACT:

None.

Proximity to Regional Center/Premium Transit Corridor

The property is not within a Regional Center but is within a Premium Transit Corridor.

RECOMMENDATION:

Staff Analysis & Recommendation: Staff recommends Denial.

The applicant seeks a Plan Amendment to “Community Commercial” to rezone from “C-2NA” Commercial Nonalcoholic Sales District to “C-2” Commercial District. The applicant wants to sell alcohol in collaboration with a restaurant use.

Staff recommends maintaining consistency with the existing “Neighborhood Commercial” land use designation. However, the “Neighborhood Commercial” land use only allows the “C-1” Light Commercial zoning category.

The applicant has indicated that they will be expanding/restoring the original footprint of the building and will exceed the maximum building size of 5,000 square feet allowed in “C-1,” thus they seek to keep the current base zoning of “C-2”. This requires a plan amendment to “Community Commercial.”

On May 5, 2020 the Zoning Commission recommended Approval of “C-2” Commercial District, 11-0.

ALTERNATIVES:

1. Recommend Approval of the proposed amendment to the Near Northwest Community Plan, as presented above.
2. Make an alternate recommendation.
3. Continue to a future date.

ZONING COMMISSION SUPPLEMENTAL INFORMATION: Z-2020-10700026
