Property Details

Property History: The property was annexed by the City of San Antonio in 1905 and was part of the original 36 square miles of the 1938 City Limits and was originally zoned "D" Apartment District. The subject property was rezoned by Ordinance 83331, dated December 14, 1995 to "R-1" Single Family Residence District. Under the 2001 Unified Development Code, established by Ordinance 93881, dated May, 03, 2001, the properties zoned "R-1" Single Family Residence District converted to the current "R-6" Single-Family Residential District.

Topography: The property does not include any abnormal physical features such as slope or incursion in a flood plain.

ISSUE:

None.

ALTERNATIVES:

Current: The present zoning district designation of “R-6” Residential Single-Family are designed to provide areas for medium- to high-density, single-family residential uses where adequate public facilities and services exist with capacity to serve development. This district is composed mainly of areas containing single-family dwellings and open area where similar residential development seems likely to occur. Residential single-family provides minimum lot size and density requirements in order to preserve neighborhood character.

Proposed: The proposed zoning district designation of “RM-5” Residential Mixed District provides areas for medium to high-density residential uses where adequate public facilities and services exist with capacity to serve development. This district is composed mainly of areas containing a mixture of single-family, two-family and multi-family dwellings and open space where similar residential development seems likely to occur. The district regulations are designed to encourage a suitable neighborhood environment for family life by including among the permitted uses such facilities as schools and churches; and to preserve the openness of the area by requiring flexible yard and area standards. Mixed residential districts provide flexible density requirements in order to allow for market and design flexibility while preserving the neighborhood character and permitting applicants to cluster development in order to preserve environmentally sensitive and agricultural land areas.

FISCAL IMPACT:

None.

PROXIMITY TO REGIONAL CENTER/PREMIUM TRANSIT CORRIDOR:

The subject property is located within the Midtown Regional Center and is located within ½ mile of a Premium Transit Corridor.

RECOMMENDATION:

Staff Analysis and Recommendation: Staff recommends Approval.

Criteria for Review: According to Section 35-421, zoning amendments shall be based on the approval criteria below.

1. Consistency:

The subject property is located within the Midtown Area Regional Center Plan and is currently designated as “Urban Low Density Residential” in the future land use component of the plan. The requested “RM-5” base zoning district is consistent with the future land use designation.

2. Adverse Impacts on Neighboring Lands:

Staff does not find evidence of likely adverse impacts on neighboring lands in relation to this zoning change request. The proposed “RM-5” is a good transitional zoning between the existing “IDZ” and “MF-33”.

3. Suitability as Presently Zoned:

The current “R-6” Single-Family Residential District is an appropriate zoning for the property and surrounding area. The proposed “RM-5” Residential Mixed District is also appropriate within this mixed block of “IDZ” and “MF-33”.

4. Health, Safety and Welfare:

Staff has not found indication of likely adverse effects on the public health, safety, or welfare.

5. Public Policy:

The proposed rezoning does not appear to conflict with the following goals, principles, and objectives of the Midtown Area Regional Center Plan:

Goal 2: Housing

Preserve and revitalize the neighborhoods' unique mix of quality housing.

Objective 2.1: Education

Educate the community, both residents and San Antonio as a whole, about ways to enhance, protect and rehabilitate the neighborhoods' character.

Objective 2.2: Housing Character

Maintain the historic character of the neighborhoods' housing while building on the increased demand for area homes to attract reinvestment by new families.

Objective 2.3: Home Improvement and Maintenance

Improve the condition, appearance and maintenance of the neighborhoods' housing and yards.

6. Size of Tract:

The subject property is 0.1370 acres, which could reasonably accommodate three residential dwellings.

7. Other Factors:

The applicant seeks to rezone the property to make the zoning designation consistent with the use of the property as a triplex.
