Current: The present zoning district designation of “R-4” Residential Single-Family are designed to provide areas for medium- to high-density, single-family residential uses where adequate public facilities and services exist with capacity to serve development. This district is composed mainly of areas containing single-family dwellings and open area where similar residential development seems likely to occur. Residential single-family provides minimum lot size and density requirements in order to preserve neighborhood character. The Conditional Use would allow operation of a Barber Shop in addition to a single-family home.

RECOMMENDATION:

Staff Analysis and Recommendation: Staff recommends Approval.

Criteria for Review: According to Section 35-421, zoning amendments shall be based on the approval criteria below.

1. Consistency:

The subject property is located within the Near Northwest Community Plan and is currently designated as “Urban Low Density Residential” in the future land use component of the plan. The requested “R-4” base zoning district is consistent with the future land use designation.

2. Adverse Impacts on Neighboring Lands:

Staff does not find evidence of likely adverse impacts on neighboring lands in relation to this zoning change request. The base zoning of “R-4” will remain the same and the site is on an established commercial intersection, which provides for a lower impact buffer against the nearby commercial.

3. Suitability as Presently Zoned:

The current “R-4” Residential District is an appropriate zoning for the property and surrounding area. The surrounding properties are currently zoned “R-4.” The proposed “R-4 CD” is maintains the base while the “CD” Conditional Use allows the use of a beauty shop. It also allows, where appropriate, for conditions such as: buffering, fencing, hours of operation and restricted temporary signage.

4. Health, Safety and Welfare:

Staff has not found indication of likely adverse effects on the public health, safety, or welfare.

5. Public Policy:

The proposed rezoning does not appear to conflict with the following goals, principles, and objectives of the

Near Northwest Community Plan:

- Objective 2.2: Business Development Create opportunities for new business development to ensure a diversity of attractive businesses in pedestrian friendly environments.
- Objective 2.4: Business Support Instigate community efforts to support area business assets.

6. Size of Tract:

The subject property is 0.1435 acres, which could reasonably accommodate the proposed Conditional Use of Barber / Beauty Shop.

7. Other Factors:

The Conditional Use zoning procedure is designed to provide for a land use that is not permitted by the established zoning district, but due to individual site considerations or unique development requirements would be compatible with adjacent land uses under given conditions.

The following conditions shall apply to the operation of nonresidential uses permitted within any residential district, unless otherwise approved by the City Council:

- A. There shall be no exterior display or sign with the exception that a nameplate, not exceeding three (3) square feet in area, may be permitted when attached to the front of the main structure.
- B. No construction features shall be permitted which would place the structure out of character with the surrounding residential neighborhood.
- C. Business hours operation shall not be permitted before 7:00 a.m. or after 6:00 p.m.

Should Council approve the request, staff recommends only conditions A and C, in order for the property to maintain its current parking area in the front yard.
