Goal HOU-1 An array of housing choices throughout the area with an appropriate mix of densities and housing types

HOU-1.1 Encourage a mix of housing types, including multi-family homes, custom homes, garden homes, and single-family detached homes to provide “life cycle” housing options (ranging from college students, young adults, families, and retired/ senior) within the area

HOU-1.2 Encourage higher-density housing at strategic nodes

HOU-1.3 Promote clustered housing including Conservation Subdivision Development and large lot development in rural areas

### **Comprehensive Land Use Categories**

**Land Use Category:** “Specialized Center”

#### **Description of Land Use Category:**

Summary: The Specialized Center has three primary locations: surrounding the Toyota Motor Manufacturing Plant, and to the west of Southtown Road, near the rail road in the Northeast Quadrant.

Location: Heavy Industrial uses should be located near expressways, arterials, and railroad lines. Business/Office Park uses should take the form of a cohesive, campus setting with adequate open space and pedestrian walkways between or around buildings. Residential uses should be separated with landscape buffers.

**Land Use Category:** "Mixed Use Center"

**Description of Land Use Category:**

Residential: Very High Density

Generally: High density detached, mid-high rise condominium buildings, apartment complexes, and row houses

**RECOMMENDATION:**

**Staff Analysis and Recommendation:** Staff recommends Approval. Planning Commission (6-1) recommends Denial.

The requested Plan Amendment from “Specialized Center” to “Mixed Use Center” will allow the applicant to rezone to "MXD" Mixed District. Further, this will provide more consistency with the land use pattern in the area of Suburban Tier and Rural Estate Tier.

The Plan Amendment meets the goals of the Heritage South Sector Plan to advance the City of San Antonio Housing Goals and Strategies by providing support for development of diverse housing stock using infill housing development between Loop 1604 and Loop 410. Additionally, the proposed rezoning request advances the goals of the plan by providing Market Heritage South as a business friendly environment as well as land uses that are compatible with neighboring properties that preserve natural and cultural resources, neighborhood character, and economic viability.

**Sector Plan Criteria for review:**

- The recommended land use pattern identified in the Heritage South Sector Plan inadequately provides appropriate optional sites for the land use change proposed in the amendment.
- The amendment must constitute an overall improvement to the Heritage South Sector Plan and will not solely benefit a particular landowner or owners at a particular point in time.
- The amendment must uphold the vision for the future of the Heritage South Sector Plan.

**The amendment will not adversely impact a portion of, or the entire Planning Area by;**

- Significantly altering acceptable existing land use patterns, especially in established neighborhoods.
- Affecting the existing character (i.e. visual, physical, and functional) of the immediate area.
- Significantly alter recreational amenities such as open space, parks, and trails.

**ALTERNATIVES:**

1. Recommend Denial of the proposed amendment to the Heritage South Sector Plan, as presented above.
2. Make an alternate recommendation.
3. Continue to a future date.
