Overlay and Special District Information:

"MLOD-2"

All surrounding properties carry the "MLOD-2" Military Lighting Overlay District, due to their proximity to Lackland. The "MLOD-2" does not restrict permitted uses, but does regulate outdoor lighting in an effort to minimize night-time light pollution and its effects on operations at the military installation.

"AHOD"

All surrounding properties carry the "AHOD" Airport Hazard Overlay District, due to their proximity to an airport or approach path. The "AHOD" does not restrict permitted uses, but can require additional review of construction plans by both the Development Services Department and the Federal Aviation Administration.

The property is not within a Regional Center and is not within a premium transit corridor.

RECOMMENDATION:

Staff Analysis and Recommendation: Staff recommends Denial.

Criteria for Review: According to Section 35-421, zoning amendments shall be based on the approval criteria below.

1. Consistency:

The subject property is located within the West/Southwest Sector Plan and is currently designated as “Suburban Tier” in the land use component of the plan. The requested “MF-18” base zoning district is consistent with the adopted land use designation.

2. Adverse Impacts on Neighboring Lands:

Staff has found evidence of likely adverse impacts on neighboring lands in relation to this zoning change request. The requested “MF-18” allows for development of two-family dwelling, three-family dwelling, four-family dwelling, row-house or zero-lot line dwelling, which is not consistent with the established development pattern of large lot single family homes.

3. Suitability as Presently Zoned:

The current “R-6” base zoning is consistent with the surrounding properties to the East, West and North of the subject property. It is also consistent with the West/Southwest Sector Plan objective to encourage new housing development that is compatible with the community’s character. The current community’s character is a maximum of two (2) dwelling units per lot. Therefore, the requested “MF-18” is not appropriate for the subject property. The subject property can be subdivided into 4 single-family lots.

4. Health, Safety and Welfare:

Staff has found indication of likely adverse effects on the public health, safety, or welfare.

5. Public Policy:

The request does appear to conflict with the public policy objective of the West/Southwest Sector Plan which encourages the following:

Housing Goals and Strategies

- Goal HOU-1: Housing stock is diverse and densities are distributed in accordance with the adopted West/Southwest Sector Land Use Plan
 - HOU-1.3 Preserve rural homesteads as part of the mix of housing choices
- Goal HOU-3: Housing is well maintained to help ensure the long-term viability of neighborhoods
 - HOU-3.1 Re-invest in existing residential neighborhood

6. Size of Tract:

The 0.6260 acre site is of sufficient size to accommodate the proposed multi-family development.

7. Other Factors:

The subject property is located within the Lackland AFB Awareness Zone/Military Influence Area. In accordance with the signed Memorandum of Understanding, JBSA was notified of the proposed request.

This zoning request includes the intention to demolish buildings. In accordance with the San Antonio City Unified Development Code, the Office of Historic Preservation reviews all demolition applications for any property located within the city limits of San Antonio. Approval of a zoning change does not imply approval of or take the place of such demolition review as directed by the UDC. To date, no application for demolition at this address to accommodate the proposed use has been submitted for review to the Office of Historic Preservation.
