Comprehensive Land Use Categories

Land Use Category: "Mixed Use"

Description of Land Use Category:

Mixed Use provides for a concentrated blend of residential, retail, service, office, entertainment, leisure, and other related uses at increased densities to create a pedestrian-oriented environment where people can enjoy a wide range of fulfilling experiences in one place. Mixed Use should be located at the intersection of a collector and Arterial Street, two arterial streets, or where an existing commercial area has been established. Mixed Uses include those in the Commercial and Residential categories and including low, mid and high-rise office buildings and hotels. This classification allows for a mix of uses in the same building or in the same development such as small offices, small storefront retail establishment, and residential uses.

Permitted Zoning Districts: NC, O-1, C-1, & C-2

Land Use Category: "Light Industrial"

Description of Land Use Category:

Light Industrial classification includes a mix of light manufacturing uses, office park, and limited retail and service uses that service the industrial uses with the proper screening and buffering, all compatible with

adjoining uses. High quality development is desired. Outside storage is not permitted (must be under roof and screened).

RECOMMENDATION:

Staff Analysis and Recommendation: Staff recommends Approval.

The applicant seeks the proposed plan amendment from “Mixed Use” to "Light Industrial" to rezone to allow for various warehouse and light industrial tenants. This is consistent with the Arena District/ Eastside Community Plan goals for utilizing existing industrial land uses within the East Commerce Corridor. The proposed land use is line with neighboring “Light Industrial” land uses and allows for a variety of uses within the existing building. The subject property is at the end of a dead-end road, which eliminates unnecessary through-traffic. Additionally, the existing rail line creates a transitional buffer between the proposed “Light

Industrial” land uses and the “Parks Open Space” located to the west of the subject property.

ALTERNATIVES:

1. Recommend Denial of the proposed amendment to the Arena District/ Eastside Community Plan, as presented above.
2. Make an alternate recommendation.
3. Continue to a future date.
