## **RECOMMENDATION:**

**Staff Analysis and Recommendation:** Staff recommends Approval.

The applicant is seeking a Plan Amendment to rezone to "L S AHOD" Light Industrial with a Specific Use Authorization for a Welding Shop. The "L" Light Industrial District base zoning districts is a consistent with the "Agribusiness RIMSE Tier" land use category. This is a rural part of San Antonio, where farming and light industrial land uses are appropriate and are already in existence in the area. Additionally, the proposed land use and zoning support the goals of the Heritage South Plan for promoting low impact industry to the area and also promotes businesses to relocate to the area.

Sector Plan Criteria for review:

- The recommended land use pattern identified in the Heritage South Sector Plan inadequately provides appropriate optional sites for the land use change proposed in the amendment.
- The amendment must constitute an overall improvement to the Heritage South Sector Plan and will not solely benefit a particular landowner or owners at a particular point in time.
- The amendment must uphold the vision for the future of the Heritage South Sector Plan. The amendment will not adversely impact a portion of, or the entire Planning Area by;
- Significantly altering acceptable existing land use patterns, especially in established neighborhoods.
- Affecting the existing character (i.e. visual, physical, and functional) of the immediate area.
- Significantly alter recreational amenities such as open space, parks, and trails.

## **ALTERNATIVES:**

1. Recommend Denial of the proposed amendment to the Heritage South Sector Plan, as presented above.
2. Make an alternate recommendation.

3. Continue to a future date.
