Overlay and Special District Information:

"MLOD-2"

All surrounding properties carry the "MLOD-2" Military Lighting Overlay District, due to their proximity to Lackland. The "MLOD-2" does not restrict permitted uses but does regulate outdoor lighting in an effort to minimize night-time light pollution and its effects on operations at the military installation.

"AHOD"

All surrounding properties carry the "AHOD" Airport Hazard Overlay District, due to their proximity to an airport or approach path. The "AHOD" does not restrict permitted uses but can require additional review of construction plans by both the Development Services Department and the Federal Aviation Administration.

Transportation

Thoroughfare: Somerset Road

Existing Character: Enhanced Secondary Arterial

Proposed Changes: None known

Public Transit: There are no VIA bus routes near the subject property.

Route Served: None

Traffic Impact: A Traffic Impact Analysis is not required; the proposed use does not exceed the minimum threshold.

Parking Information: The parking minimum for a multifamily development is 1.5 spaces per unit.

ISSUE:

None.

ALTERNATIVES:

Current: The current zoning district designation of “C-2” Commercial district accommodates community commercial uses, with unlimited building size, and building height limitation of 25 feet. Examples of permitted uses: liquor store, miniature golf and other indoor gaming facilities, small indoor movie theater, pet cemetery, auto & light truck oil, lube & tune-up, auto glass tinting, tire repair (sale and installation only), gas station, appliance sales & repair, charitable food & clothing banks and dry cleaning. No outdoor storage or display of goods shall be permitted except for outdoor dining.

Proposed: The proposed zoning district designation of “MF-33” Multifamily Dwelling accommodates multifamily dwelling, single-family dwelling (detached, attached or townhouse), two-family dwelling, three-family dwelling, four-family dwelling, row-house or zero-lot line dwelling, with a maximum density of 33 units per acre, assisted living home, skilled nursing facility, foster family home, public and private schools.

FISCAL IMPACT:

None.

PROXIMITY TO REGIONAL CENTER/PREMIUM TRANSIT CORRIDOR:

The property is not part of a Center Plan and is not within premium transit corridor.

RECOMMENDATION:

Staff Analysis and Recommendation: Staff and Zoning Commission (9-0) recommend Approval, pending Plan Amendment.

Criteria for Review: According to Section 35-421, zoning amendments shall be based on the approval criteria below.

1. Consistency:

The subject property is located within the Heritage South Sector Plan and is currently designated as “Suburban Tier” in the future land use component of the plan. The requested “MF-33” base zoning district is not consistent with the future land use designation. The applicant is seeking a Plan Amendment to “General Urban Tier.” Staff and the Planning Commission recommend Approval.

2. Adverse Impacts on Neighboring Lands:

Staff does not find evidence of likely adverse impacts on neighboring lands in relation to this zoning change request. The proposed changes would reduce potential impacts from the existing “C-2” Commercial District.

3. Suitability as Presently Zoned:

The current “C-2” zoning district is appropriate for the property and surrounding area. The proposed “MF-33” is also an appropriate zoning for the surrounding area especially as a transition and buffer to the single-family

residential uses to the west along Somerset Road. The proposed request will provide the surrounding community with alternate housing options.

4. Health, Safety and Welfare:

Staff has not found indication of likely adverse effects on the public health, safety, or welfare.

5. Public Policy:

The proposed rezoning does not appear to conflict with the following goals, principles, and objectives of the Heritage South Sector Plan:

Goal HOU-1: An array of housing choices throughout the area with an appropriate mix of densities and housing types

Goal HOU-1.1: Encourage a mix of housing types, including multi-family homes, custom homes, garden homes, and single-family detached homes to provide “life cycle” housing options (ranging from college students, young adults, families, and retired/ senior) within the area

Goal HOU-2.2: Promote sustainable quality housing and development through green building; site design; landscape techniques, and energy resources such as CPS Windtricity and Solartricity

6. Size of Tract:

The subject property is 14.42 acres, which could reasonably accommodate multifamily residential uses.

7. Other Factors:

The subject property is located within the Lackland AFB Awareness Zone/Military Influence Area. In accordance with the signed Memorandum of Understanding, JBSA was notified of the proposed request. The Military has indicated there are no objections to the request.

With the existing acreage of 14.42 acres, the proposed “MF-33” would allow a density of up to 476 units.
