#### **RECOMMENDATION:**

**Staff Analysis and Recommendation:** Staff recommends Approval.

**Criteria for Review:** According to Section 35-421, zoning amendments shall be based on the approval criteria below.

##### **1. Consistency:**

The subject property is located within the West/Southwest Sector Plan and is currently designated as "Suburban Tier" in the future land use component of the plan. The requested "R-4" base zoning is compatible with the future land use designation.

##### **2. Adverse Impacts on Neighboring Lands:**

Staff has not found evidence of likely adverse impacts on neighboring lands in relation to this zoning change request. The rezoning would constitute a downzoning to a residential district.

##### **3. Suitability as Presently Zoned:**

The current "C-2" Commercial District is an appropriate zoning for the property and surrounding area. The proposed rezoning to "R-4" Residential Single-Family is also appropriate for the area and creates an additional housing option and subdivision as part of a second phase of a development that was already established to the north of the subject site.

##### **4. Health, Safety and Welfare:**

Staff has not found indication of likely adverse effects on the public health, safety, or welfare.

##### **5. Public Policy:**

The proposed rezoning does not appear to conflict with the following goals, principles, and objectives of the West/Southwest Sector Plan:

##### **Housing Goals and Strategies**

- Goal HOU-1- Housing Stock is diverse and densities are distributed in accordance with the adopted West/Southwest Sector Land Use Plan
  - HOU-1.1 Promote quality design and construction for new housing
- Goal HOU-2- New Housing developments locate near existing community facilities, schools, and physical infrastructure with sufficient capacity to serve new developments
  - HOU-2.4 Promote awareness of the benefits of locating new housing near existing community facilities and physical infrastructure

##### **6. Size of Tract:**

The subject property is 1.389 acres, which would adequately support a development of single-family dwellings.

**7. Other Factors:**

The zoning request is to complete an existing residential subdivision, the remainder of which is located “outside city limits”. The portion zoned “C-2” is the only portion of the subdivision that is not zoned for single-family residential and within the city limits.
