**RECOMMENDATION:**

**Staff Analysis and Recommendation:** Staff recommends Approval.

**The subject Criteria for Review:** According to Section 35-421, zoning amendments shall be based on the approval criteria below.

**1. Consistency:**

The subject property is located within the Lone Star Community Plan and is currently designated as High Density Mixed Use in the land use component of the plan. The requested “O-1.5” Mid-Rise Office zoning district is consistent with the adopted land use designation.

**2. Adverse Impacts on Neighboring Lands:**

Staff has not found evidence of likely adverse impacts on the neighboring lands in relation to this zoning change request. The proposed use is consistent with the established development pattern of the surrounding area.

**3. Suitability as Presently Zoned:**

The existing “I-1” base zoning district is not appropriate for the surrounding area.

**4. Health, Safety and Welfare:**

Staff has not found any likely effects on the public health, safety, or welfare.

**5. Public Policy:**

The request does not appear to conflict with any public policy objective.

**6. Size of Tract:**

The 1.543 acre site is sufficient size to accommodate the proposed development.

**7. Other Factors:**

“O-1.5” Mid-Rise Office zoning district is intended to allow for taller and mid-rise office buildings or campuses. Building size in an “O-1.5” district is unlimited; however any building in an “O-1.5” district shall not exceed a maximum height of sixty (60) feet or five (5) stories.
