**RECOMMENDATION:**

**Staff Analysis and Recommendation:** Staff recommends approval.

**Criteria for Review:** According to Section 35-421, zoning amendments shall be based on the approval criteria below.

**1. Consistency:**

The subject property is not located within a Sector or Future Land Use Plan and is not currently designated for a future land use. Therefore, a finding of consistency is not required. The requested "L" Light Industrial base zoning is consistent with surrounding land uses.

**2. Adverse Impacts on Neighboring Lands:**

Staff has found evidence of likely adverse impacts on neighboring lands in relation to this request. The proposed use will require the improvement of the Right-Of-Way for Remount Drive at the applicant's expense. Remount Drive will need to be upgraded to a Type B Street.

**3. Suitability as Presently Zoned:**

The existing "Light Industrial" base zone will be appropriate for the surrounding area only if the Remount Drive is upgraded to a Type B Street.

**4. Health, Safety and Welfare:**

Staff has not found any indication of likely adverse effects on the public health, safety, or welfare.

**5. Public Policy:**

The request does not appear to be in conflict with any public policy objective.

**6. Size of Tract:**

The 1.5495 acre site is of sufficient size to accommodate the proposed purpose.

**7. Other Factors:**

The proposed use will require right of way for Remount Drive at the applicant's expense.
