## **RECOMMENDATION:**

**Staff Analysis and Recommendation:** Staff recommends Approval

**Criteria for Review:** According to Section 35-421, zoning amendments shall be based on the approval criteria below.

### **1. Consistency:**

The subject property is located within the Near Northwest Neighborhood Plan and is currently designated as Medium Density Residential use in the future land use component of the plan. Requests for Historic Landmark designations do not change either the existing base zoning district or uses permitted by-right; therefore, a finding of consistency is not required.

### **2. Adverse Impacts on Neighboring Lands:**

Staff has found no evidence of likely adverse impacts on neighboring lands in relation to this zoning change request.

### **3. Suitability as Presently Zoned:**

The existing “R-6” base zoning district is appropriate for the subject property.

### **4. Health, Safety and Welfare:**

Staff has found no indication of likely adverse effects on the public health, safety, or welfare.

### **5. Public Policy:**

The proposed request does meet one of the Plan’s goals to preserve and revitalize the community’s unique mix of quality housing.

Historic districts and landmark designation preserve and enhance the city’s historic resources pursuant to Goal of the Urban Design Element of the master plan.

### **6. Size of Tract:**

The subject property is 0.1936 of an acre in size, which accommodates the existing residential single family development with existing space for parking.

### **7. Other Factors:**

Pursuant to V.T.C.A Local Government Code 211.001 and 211.003, historic districts and landmark designations are adopted in order to protect and preserve places and areas of historical, cultural, or architectural importance and significance.

Historic Landmark designations do not affect the possible uses of the property, but do regulate the exterior aesthetic of the structure. Building plans and permit applications will be subject to review by the Office of Historic Preservation and the Historic and Design Review Commission (HDRC) prior to any permits being issued. The request for the designation is owner initiated.
